J. F. DONAHUE,
Auditor.

Report of Superintendent of Schools

To the School Board and Citizens of Bartlett Special District:

The work of the year has been very satisfactory. Some of the old teachers left us but the places have been well filled by the new teachers. Mrs. Elizabeth Cummings started the fall term as the teacher in the 7th and 8th grades, as Mrs. Stoddard was called away. We were glad to welcome her back, and she seems to be glad to get back into her old place. The following is a list of the teachers, schools and number of pupils.

| Teacher | School | Number of pupils |
|--------------------|------------------|------------------|
| Mrs. M. Stoddard | Grades 7th & 8th | 23 |
| Mrs. Eliza J. Hale | " 5th & 6th | 36 |
| Gertrude M. Field | " 3d & 4th | 32 |
| Pearl H. Ramond | " 1st & 2nd | 32 |

The placing of steel ceilings, and the painting of the rooms and desks make the rooms more comfortable and cheerful. It has been possible to keep the rooms warm, and they have been kept neat and attractive.

The report from the State Board of Education places Bartlett Special District at the head of the districts receiving state aid, and a generous sum has been granted from the Equalization Fund. The last Legislature limited the amount that can be so distributed, and as the sum so voted was not enough to cover the requests from all of the districts in the state, some very needy districts were cut off entirely, or they received much less than they had hoped to receive. While Bartlett did not receive as much as was asked for, it received as much as could be expected when we consider the claims of other needy districts in the state.

There has been considerable demand for some high

school work in the town. There are many strong arguments put forward for such a school at Bartlett. Some of the parents combined, last fall, and a private high school was organized with Mr. William Hounsel as the teacher, with about a dozen pupils. The question of the District maintaining a high school must be considered, if not this year, at some very near time, as the number of pupils in Bartlett is increasing, and there is more and more demand.

Thanking you all for your kind help in the school work, and trusting that there will be no backward steps taken, I am

Respectively yours

L. M. FELCH

ELIZABETH A. GALE,
Treasurer.

This is to certify that I have examined the accounts of the Treasurer and find them correctly cast and properly vouched.

G. W. MORTON,
Auditor.

Report of the Superintendent of Schools

To the School Board and Citizens of Bartlett:

I have the honor of submitting my fourth annual report of the condition of your schools.

Your school houses are now in good condition, and but little expense will be needed to keep them up to the standard. Their neat appearance is the subject of favorable comment by people who visit here. There are still some needs to be met. The Intervale school should have the city water put in, and some provision should be made for water at the Glen school, as the neighbors have objected to the children obtaining water on their premises. Water should be obtained from some source on the hills behind the school house, or a well should be driven, or some other provision should be made; as it is a prime requisite of health that the pupils have plenty of pure water.

The school at Goodrich Falls was opened last September, and there are now 12 pupils in this school, and it is taught by an earnest and popular teacher.

The following is a list of your schools, teachers and the number enrolled September 30th.

| School | Teacher | No. Enrolled |
|----------------|----------------|--------------|
| Glen | Arthur G. Lord | 24 |
| Intervale | Pauline Phelps | 17 |
| Goodrich Falls | Edith Hodgdon | 10 |

The school census shows that there are 87 pupils of school age in the district. The usual numbers are attending the Bartlett Special schools, and Kearsarge. There are but two pupils from the district attending high school this year. Efforts should be made to in-

terest young people in the higher education that is necessary to fit them to take important and prominent positions in life.

Under the new law passed by the last legislature, Bartlett will get but little help from the State Equalization Fund. Bartlett is the 190th town in the list of towns applying for State aid, as the amount expended for schools last year was but \$6.66 per thousand dollars of the Equalized Valuation. Bartlett Special District stands first in the State with \$21.39 expended per thousand. As you are cut off from the State Aid, it will be necessary for the District to raise more money with which to run its schools.

I wish to thank you all for your earnest help and co-operation in our endeavor to put your schools among the best in the state.

Respectfully submitted,

L. M. FELCH.

Bartlett Town School District Report
